

There are a lot of questions, concerns, and misinformation circulating about the Covid-19 vaccines on the internet and via various media outlets. To assist with providing accurate information as you make the decision whether or not to receive the vaccine, Nebraska Preparedness Partnership has created this fact sheet containing links to the most accurate and current information from a variety of sources.

We realize there are a variety of languages spoken in the United States. Though not all information is available in multiple languages, we have included links to the Moderna and Pfizer Vaccine Fact Sheets. Please share these links with the non-English-speaking population.

The various Health Departments in Nebraska are key resources for administration and vaccine data/assistance in their local coverage areas. You will find links to their websites below with the Counties/County Seats they cover listed in parentheses.
