

# JURISDICTIONAL THREAT & HAZARD IDENTIFICATION & RISK ASSESSMENT

## MGT-310

**April 28 - 29, 2020**

**8:00 am – 4:00 pm (both days)**

**Location: Blue Cross Blue Shield of NE  
 1919 Ak-Sar-Ben Dr, Omaha, NE 68180**

**DESCRIPTION:**

The Jurisdictional Threat Hazard Identification and Risk Assessment (THIRA) course prepares participants to conduct a jurisdictional THIRA. Participant activities focus on the jurisdictional process for determining the ability to respond to human-caused, natural, and technological disasters. Participants will identify threats and hazards of concern, give the threats and hazards context, examine the core capabilities, set capability targets, and apply the results.

**Major topics include:**

- Identify the major components of the Threat and Hazard Identification and Risk Assessment (THIRA) process.
- Conduct assessments to identify threats and hazards of concern.
- Construct likely risk-based scenarios based on the results of a vulnerability assessment.
- Estimate consequences for an assigned all-hazards scenario.
- Conduct post-scenario surveys to identify jurisdictional required capabilities, compare those capabilities with current capabilities to determine "shortfalls and gaps" (Gap Analysis), and create a jurisdictional strategy to reduce these "shortfalls and gaps" by completing a needs assessment.

**AUDIENCE:**

- Critical Infrastructure owners, operators, and managers
- State, local, tribal and territorial government senior officials and managers
- DHS personnel
- Sector Specific Agency managers
- Other managers with critical infrastructure responsibilities
